DETAILED ACTION

Allowable Subject Matter

1. Claims 1- 9 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: the allowability recites at least in part: a base hingeably coupled to the work surface having a first side and a second side, the base having a retracted position and a deployed position, each position representative of hinged movement of the base; a monitor mount having a lower portion affixed coincident to the hinged coupling of the plate whereby the monitor mount is received within the opening in the work surface when the base is in a retracted position and the monitor is oriented perpendicular to the work surface when the base is in a deployed position; at least one or more computing input devices removeably affixed to the first side of the base whereby, when the base is in a retracted position, the at least one or more computing input devices are inverted relative to their useable orientation, received within the opening in the work surface and disposed thereunder; a mechanism for delivering the base between the retracted and deployed position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
